

Art Smart - 2nd Grade
December - The Christmas Story

Project Idea: Nativity in the Round

Materials Needed:

White paper
Black paper
Circle template
Crayons or markers
Glue Sticks

Instructions:

Pre-cut the white circles out of the white paper. Have students draw the story of Jesus birth in the circle. Have them think about their composition and what will work best in a circle as opposed to a rectangle format. When they are done drawing they can color their picture in and glue the white circle on the black paper.
