**February - Art & Music**

## Project Idea: Music Sheet Collages

**Materials Needed:**

Sheet music paper  
colored paper  
scissors  
glue sticks  
markers

**Instructions:**

Each student will receive a piece of sheet music (copies in the binder) and colored paper to mount it on. Have students think about an instrument they want to draw and or something music related (singing, music notes etc.) Students can cut from other pieces of paper to create themselves with an instrument or they can draw with markers over the sheet music to create a collage similar to Andy Warhols, "Beethoven".
