

**Art Smart - 1st Grade**  
**October - Mural**

## Project Idea: Fall Mural

**Materials Needed:**

Project #1:

Large paper from rolls  
Construction paper

Project #2

Large paper from rolls  
Crayons

**Instructions:**

Project #1

In advance, the volunteer should free hand draw a few basic scenes with pencil on large white art paper (from the roll in the art room or art smart closet). Then use colored construction paper, focusing on fall colors, and tear them at random sizes to bring in. The children will then be given the pieces of colored paper and ask them to put them into places where they think the colors should go until the fall scene is filled in.

Project #2

Have the children create a mural with the crayons depicting the children's fall stories. Have them work in different sections. (Can be fall trees, farm, animals, Halloween, etc)
